FORS PRACTITIONER
DRIVING EFFECTIVE FLEET MANAGEMENT

DESCRIPTION

Essential professional development for all managers, trainers and supervisory staff of FORS registered or accredited fleet operators. FORS Practitioner ensures companies are equipped with the latest industry best practice in safe, green and efficient fleet operations.

OVERVIEW

FORS Practitioner is a series of nine workshops, open to all FORS accredited operators, which cover all aspects of fleet management including:

- Developing road transport policy
- Managing work related road safety
- Managing driver fitness and impairment
- Managing driver assessment and training
- Post-collision procedures and analysis
- Safe and efficient fleet management
- Reducing fuel use and minimising environmental impacts
- Minimising transport fines and charges
- Monitoring and measuring road fleet performance

Delegates can attend one or all of the workshops, in any order. Once an individual has completed all nine workshops, they will achieve 'FORS Practitioner' status.

COURSE DESCRIPTION

What will you learn from FORS Practitioner workshops?

- The regulatory and legal requirements governing fleet operations
- How to develop and implement transport policies and procedures
- How to manage work related road risk and improve road safety
- How to investigate collisions and analyse data to reduce the risk of accidents
- Industry best practice for increasing safety, efficiency and reducing environmental impact

Benefits of attending FORS Practitioner workshops

- Workshops will keep you up to date with industry developments and best practice in safe, green and efficient operations to help you to maintain and progress your FORS accreditation
- All workshops are Driver CPC accredited, giving you the opportunity to receive 7 hours Driver CPC training by attending two FORS Practitioner workshops on the same day

For more information on how to find a workshop near you and how to book visit: **www.fors-online.org.uk**
