

# FIVE REASONS TO GO FORS

# Real operators...real benefits

Today, over 4,800 FORS members are benefitting from improved safety, better efficiency and greater environmental protection. Here's what a selection of FORS operators told us:

“ Since achieving Silver accreditation we have seen a 58% reduction in PCNs and 19% reduction in incidents

Punchards Haulage Ltd

“ In the last 12 months, we have managed to reduce our PCNs by 10%, our CO<sub>2</sub> by 5% and our incidents by 12%

Camden Council

“ FORS has helped us achieve compliance and safety. We have managed to reduce our incidents by 80% compared to our baseline year and our PCNs by 36%

TJ Hammond Transport Ltd

FORS, the Fleet Operator Recognition Scheme, is a voluntary accreditation scheme for all bus and coach, van and truck fleet operators, and the specifiers that 'buy-in' their transport requirements.

As more and more specifiers demand proof of best practice from their transport suppliers, FORS accreditation puts you in the shop window for new business.

## HOW TO JOIN FORS

To become a FORS member, simply complete the online registration form or call for further information:

# Five key benefits of FORS accreditation

## 1. STAND OUT FROM THE CROWD

If you were a transport buyer required to choose between two operators, who would you appoint? Would you select the one whose safety record and environmental practices you knew nothing of? Or the one whose FORS accreditation proved a commitment to good practice in all aspects of the business, including road safety, sustainability issues and many other aspects of corporate social responsibility? Who's going to win the new business? It's a no-brainer for the transport buyer.

## 2. IMPROVE YOUR ROAD SAFETY RECORD

Dedicated FORS Professional training equips your managers and drivers with the skills and knowledge to improve their work related road safety and to reduce the risk of collisions with other motor vehicles and, crucially, vulnerable road users.

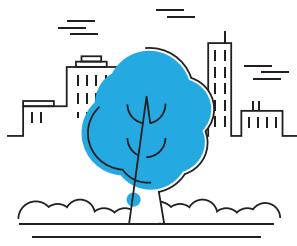

Become FORS accredited and access safety specific tool, guides and training courses, that help you improve your work related road safety.

**In 2017, FORS Silver and Gold members reduced their damage only, slight, and serious injury incidents by 6%**

Statistics drawn from 200 Silver and Gold members operating 3,686 vehicles

### 3. REDUCE FUEL CONSUMPTION; INCREASE EFFICIENCY

FORS Professional provides classroom training and eLearning modules for managers and drivers covering environmental best practice. FORS also provides best practice toolkits helping to put you one step ahead of the competition. Expert advice on the latest technologies and systems will provide tangible efficiencies. Dedicated driver training will promote defensive, more economic driving, leading to reduced fuel costs.

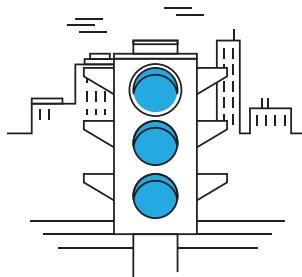

**FORS Silver and Gold accredited companies typically save 6% on fuel use**

Statistics drawn from 200 Silver and Gold members operating 3,686 vehicles

### 4. ENSURE COMPLIANCE

Make use of FORS Affinity Partner products to meet your legal obligations and ensure you remain compliant with the FORS Standard.

FORS Fleet Management System, powered by FleetCheck, delivers a comprehensive platform enabling complete vehicle, driver and organisation management.

Operators have a duty-of-care by law to check their drivers' competency and capability. FORS Driver Licence Checking Service, delivered in partnership with Licence Bureau Limited, provides preferential rates to members.

### 5. GREATER INDUSTRY 'KNOW HOW' AND NETWORKING OPPORTUNITIES

With fortnightly eNews, monthly training eNews and a regular magazine, FORS members receive insider knowledge on how the scheme is changing the industry and where potential opportunities lie for you. Through funded FORS Professional training, managers and drivers will have the chance to meet, swap tips and network with other industry professionals.

# What's included with your subscription?
